

HORUS AND SETH ARE ONE

We are Horus and Seth and we are one. We go beyond day and night time. We go beyond sun and moon. We have gone further than the gods of old. We are like the most ancient bird who crossed the sky from heaven to earth. And from this day on it shall be known that Horus and Seth are not the falcon and jackal anymore but

ONE

We have come back to spread our wings, eat the beast of confusion and teach the ones who like to become one like us. And let no one doubt about what is said because it is true in this new era of the SUN and WATER.
